LEGISLATIVE.

Camp Agra, the 20th November 1866.

The following Bill and Statement of Objects and Reasons accompanying it are published for general information by order of His Excellency the Governor General, under the 19th of the Rules for the conduct of Business at Meetings of the Council of the Governor General of India for the purpose of making Laws and Regulations:—

A Bill to empower Courts of Small Causes in the Mofussil to refer for decision questions arising in the execution of decrees.

WHEREAS it is expedient to enable the Courts constituted under Act No. XI of 1865 (to consolidate and amend the law relating to Courts of Small Causes beyond the local limits of the ordinary original Civil jurisdiction of the High Courts of Judicature) to refer for the decision of the High Court within whose jurisdiction they may respectively be situate questions of law or usage having the force of law arising in the execution of decrees in suits under the said Act; It is hereby enacted as follows:—

1. If in the execution of the decree in any suit under the said Act any question of law, or usage having the force of law, shall arise, the Court, in suits for an amount not exceeding five hundred Rupees,

may, either of its own motion or on the application of any of the parties to the suit, and in suits for an amount greater than five hundred Rupees shall draw up a statement of the case and refer it with the Court's own opinion thereon to the decision of the High Court within whose jurisdiction such Court may be situate; and the execution of the decree shall be stayed until the receipt of the order of the High Court upon such reference.

2. This Act shall be read with and taken as part of Act No. XI of 1865; and the provisions contained in Sections 24, 25, 26, 27 and 28 of that Act shall *mutatis mutandis* apply to cases referred under this Act.

STATEMENT OF OBJECTS AND REASONS.

Section 22 of Act No. XI of 1865, which consolidates and amends the law relating to the Mofussil Courts of Small Causes, empowers these Courts to refer to a superior Court questions of law or construction arising in the trial of suits under the Act. But it has been doubted whether there is power to refer this class of questions when they arise in the execution of the decree. The present Bill, which has been framed at the desire of the Government of the North-West Provinces, and at the instance of the High Court, precludes such doubts, by expressly giving the power last mentioned.

Read a Minute by the Governor General, dated Agra, the 20th November 1866.

RESOLUTION.—It has for some time past been the intention of the Governor General in Council to cause enquiry to be made for the purpose of eliciting full information concerning the famine which has unhappily recently visited, with such lamentable severity, the Province of Orissa and other portions of the Lieutenant-Governorship of Bengal.

2. It could have served no useful purpose, and it might have been attended with inconvenience and injury, to cause such enquiry to be made prematurely.

3. Whilst the distress was at its height, the time and energy of the Officers of the Local Administration might, with much greater advantage, be engaged in exertions to relieve it, and the season of the year and the situation of Orissa, where the famine was specially sore, rendered it advisable that such enquiry should not be too early set on foot.

4. When, however, accounts from the afflicted districts showed that in some parts a decided improvement had taken place, and hopeful signs of the abatement of the distress generally appeared, His Excellency the Governor General desired the Lieutenant-Governor of Bengal to appoint Mr. H. L. Dampier to make an enquiry and report of the nature above indicated.

5. Mr. Dampier is an Officer whom His Excellency had reason to believe to be well qualified to conduct the enquiry above-mentioned, and the Lieutenant-Governor of Bengal quite concurred in his fitness for such duty. Mr. Dampier was accordingly immediately appointed by the Lieutenant-Governor, from whom also he promptly received the fullest instructions.

6. A despatch has since been received from the Secretary of State, in which the deputation of an Officer on an enquiry of precisely the same nature as that which has been entrusted to Mr. Dampier is urged. The tenor of this despatch and the general feeling which appears to prevail in England on the subject of the famine in Orissa render necessary, however, a change in the constitution of the Commission of Enquiry.

7. It is evident, as is indeed natural, that the accounts which have reached England from this country respecting the distress occasioned by the famine, have produced in

England an intense and painful anxiety amongst the large class of benevolent persons interested in the people of India.

8. A feeling of uncertainty as to the actual facts appears simultaneously to have taken possession of the public mind, whilst statements have been freely and publicly made attributing to officials in India a want of attention to the requirements of the occasion.

9. It is right, therefore, not less in justice to the officials concerned than for the satisfaction of the public, that steps should be speedily taken to remove such uncertainty, and to verify or correct such statements in as thorough a manner as practicable.

10. On a full consideration of the subject, the Governor General in Council is satisfied that the objects which such an enquiry has in view will best be attained by a Commission composed of three Officers.

11. His Excellency in Council considers that the Officer already selected to conduct the enquiry in question may with advantage be retained as one of the Commission.

12. The Commission will be composed as follows:—

President:

The Hon'ble Mr. Justice Campbell.

Members:

Colonel Morton, Royal Engineers.

Mr. H. L. Dampier, Civil Service.

13. Briefly, the duty of the Commission will be to enquire carefully and to report clearly its opinion on the following points:—

(I.)—What were the causes which led to the scarcity and famine.

(II.)—Whether timely and sufficient measures were taken to meet the evil, and to relieve the distressed, and if not, whether valid reasons exist to account for the absence of such measures; and

(III.)—In what way, if any, action may be taken by the Government to prevent the recurrence of a similar visitation, or to mitigate its effects, should it recur.

14. The instructions already issued to Mr. Dampier, as contained in the communication from the Government of Bengal, No. 2866, dated the 5th November, appear to the Governor General in Council to be very full and suitable, and of a character such as may generally guide the Commission in its investigations, though they should not be held to confine the Commission literally to the limits laid down.

15. There are districts under the Local Government which have suffered from scarcity, but which have been excluded from enquiry under the instructions issued by Sir Cecil Beadon to Mr. Dampier.

16. As regards these (the Behar Districts), the Lieutenant-Governor has deputed a separate Officer to make enquiry.

17. The distress in Behar has not, the Governor General in Council believes, approached in severity or extent that which prevailed in Orissa and elsewhere in the neighbourhood of Calcutta.

18. The circumstances, too, of Behar differ entirely from those of Orissa, whilst the field of enquiry indicated in the Lieutenant-Governor's instructions to Mr. Dampier is already sufficiently extensive.

19. It appears to His Excellency in Council, therefore, that a separate Officer may unobjectionably make enquiry into the scarcity in Behar.

No. 1092.—The 6th December 1866.—*Appointment.*—The Reverend M. D. C. Walters, Junior Chaplain, to be Senior Chaplain from the 16th November 1866, *vice* the Reverend A. D. Nicolson, deceased.

No. 1141.—The 7th December 1866.—His Excellency the Governor General in Council has been pleased to make the following appointments in the Marine Department, with effect from the dates mentioned, *viz*:—

The following Orders issued by the Government of India, in the Financial Department, are re-published for general information :—

No. 2210.—*The 7th December 1866.*—Letter from the Comptroller-General of Accounts, to the Secretary to the Government of India, Financial Department, No. 839, dated the 20th November 1866.

With reference to the orders of the Government of India, in the Financial Department, No. 167, dated 25th April last, I have the honor to submit a Statement shewing on one side the gross sale proceeds of Waste Lands and redemption of Land Revenue, &c., from 17th October 1861 to 31st April 1865, and on the other the investments made therefrom on account of the several Governments and Provinces.

2. Since the date of my letter No. 1338, dated 28th March 1866, the Accountants-General of Madras and the Punjab have notified certain corrections in the Statement of sale proceeds of Waste Lands previously furnished by them, which has reduced the total sale proceeds formerly reported to Government, to Rupees 13,12,712-4-11, as shewn in the margin. to Government, to Rupees 13,12,712-4-11, as shewn in the margin.

3. From the particulars annexed it will be seen that the result of the investments is a net unappropriated balance of Rupees 996-9-2, which will be invested with the collections of 1865-66.

by the necessity of investing in even hundreds. The excess will, however, be recovered from the realizations of the year 1865-66.

4. I beg also to state that the unauthorized investment of Rupees 12,998-2-6 at Bombay subsequent to the report submitted by me to Government, and the non-receipt of the amount, Rupees 434-13-0, stated to be available at Coorg, has left undisposed of in my hands a 4 per cent. Government Security for Rupees 16,300, which will be transferred to the investment account of the year 1865-66, for which Returns of sale proceeds of Waste Lands are being received in this Office from the several Accountants-General.

COLONIAL OFFICE, NATAL, }

The 20th October 1866. }

NOTICE TO MARINERS.

A Lighthouse has been erected on the Bluff at South side of the entrance of Port Natal at an elevation of 292 feet above high water; a light from which will be exhibited on the 23rd January 1867.

The Lighthouse is in Latitude 29° 52' 50" S. and Longitude 31° 3' 35" E.

The building is an iron tower in the form of a frustum of a cone 81 feet high, painted white, centre of light being 70 feet above the base exhibiting a revolving white light of the second class (Dioptric) attaining its greatest brilliancy once every minute.

It is visible in all directions from North (round by East and South) to W. 59 W., and can be seen from a ship's deck 24 miles in clear weather.

The above light is not visible from the Alewal Shoal, which is 25 miles S. 53 W. from the Lighthouse. Vessels should not therefore, when coming from the Southward and Westward, approach the shore nearer than 4 miles on shoal then water under 40 fathoms using the lead freely, until they make the light well out from the deck when they may stand in until it bears N. 59 E., which bearing will keep them outside all known danger, until they are abreast of the Umlazi River (about $2\frac{1}{2}$ miles below the Lighthouse) when they must keep it more to the Northward as the land tends more to the Eastward, giving the shore a good berth of a mile, and when the Lighthouse bears about E. N. E. they can haul in to the Northward for the anchorage. Anchoring in $8\frac{1}{2}$ to 10 fathoms with the Lighthouse bearing S. W. to S. W. $\frac{1}{4}$ N. distant one mile.

No. 330.

The 15th December 1866.

Notification.—The following Rules, having reference to the Kendrapara Canal and the First Section of the "High Level Canal" from Cuttack to Oolobarriah, have been passed this day by the Lieutenant-Governor of Bengal under the provisions of Sections XI. and XII. of the "Canals Act, 1864," (No. V., B. L. C.):—

I. Every vessel on entering either of the above Canals shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay, according to the schedule of rates authorized by Government to be charged on the Canal.

II. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these Rules, be determined by the following measurements:—

(a.) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(b.) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c.) In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds, as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III. Every vessel entering either of the above Canals shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the Canal, the point to which it may proceed in the Canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the Canal, and the date of such last day. The number of days which the vessel may remain in the Canal without additional payment, shall be calculated at the rate of one day for every 8 miles, for portion of 8 miles, to be traversed.

IV. Toll may be paid at the first station either for the entire number of Toll Stations on the line of navigation, or for any less number of stations.

V. The tickets thus given may be demanded for inspection by any duly authorized Canal Officer, and must be kept on board and at hand for that purpose. They must be shewn at each Toll Station the vessel has to pass, as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last Toll Station.

VI. Owners of vessels may compound by the payment of a fixed sum, for the use of the whole or a portion of either of the above Canals for any period that may be agreed upon, not exceeding one year. Each vessel so compounded for shall be furnished with a ticket shewing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the Canal within which the vessel may pass; such ticket shall be kept on board the vessel and shall be produced when required under Rule V., but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII. Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by Officers in charge of Toll Stations on payment of a fee of one Rupee.

VIII. Vessels remaining in the Canals for a period exceeding that allowed under Rule III. will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

IX. No boats above 18 feet beam over all, and no rafts or floats of more than 10 feet width and 150 in length, will be allowed to enter the Canals.

X. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats; but the locks shall be opened for the passage of boats at least twice a day.

XI. Vessels must have their masts fitted so that they can be let down with ease and speed, and when under sail, vessels must always keep in the middle of the Canal; when being tracked, vessels are, as far as practicable, to keep to their port or left side of the Canals.

XII. All vessels anchoring at night are to keep to their port or left bank of the Canals.

XIII. Only one vessel shall be allowed to make fast along and in a line with the Canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a Canal Officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation; and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XIV. Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XV. In every case of wreck or obstruction of the channel by sunken vessels, the Canal Officers may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Canal Officers, these Officers may undertake the removal of the obstruction themselves at the cost of the owner of the boat, recovering the expense in the manner laid down in Section IX. of the "Canals' Act, 1864."

XVI. If the Canal Officers be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals' Act, he shall notify the seizure in the most public manner available.

XVII. In the event of any damage or injury being occasioned to the Canal works by wilfulness or negligence on the part of any person in charge of a vessel, the Canal Officers may detain the vessel within the Canal for a period not exceeding 24 hours, provided that within that period the Canal Officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section XVI. of the Canals' Act.

XVIII. The banks or berms of the Canals shall not be used as wharves for the deposit of goods, under a penalty of 10 Rupees for each offence; but except in special cases, when the permission of the Canal Officers will be necessary,

all articles shall be removed to the outer banks of the Canals, and all such articles as shall not be finally removed from within the boundaries of the Canals within a period of six days after being so deposited, shall be liable to a charge of four annas per 100 maunds.

XIX. The Canals may be closed once a year, for effecting the necessary repairs to them, on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX. All offences against the provisions of these Rules shall be punishable as provided for in Section XVIII. of the "Canals' Act, 1864," and all fines imposed may be recovered in the manner mentioned in Section XVII. of the same Act.

XXI. The term "Canal Officers" in the foregoing Rules shall include the persons alluded to in Section VIII. of the "Canals' Act, 1864," and any other persons who may be specially appointed to exercise such powers by the person appointed to collect the tolls.

1st.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2nd.—The Opium will be ordinarily offered for sale at an upset price of Rupees 800 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale.

3rd.—The sale shall commence at the hour of 11 A. M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the whole quantity advertised shall not be sold on the day appointed the Board may dispose of the lots which remain on hand at a future sale.

4th.—Each lot shall contain five Chests.

5th.—A Promissory Note for a sum calculated

according to the scale noted in the margin shall be taken as a deposit on each lot from the purchaser in the

When the amount bid is less than Rs. 1,200 per Chest	Rs. 200 p. Chest.	Deposit.
On bids of Rs. 1,200 but less than Rs. 1,600 per Chest	300	
On bids of Rs. 1,600 but less than Rs. 2,000 per Chest	400	
And so on, Rs. 100 being added to the deposit for every additional Rs. 400 bid.		

Sale room, and the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of sale under the last-mentioned Condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7th.—No tender of money, Bank of Bengal receipts, or Public Securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8th.—The Opium now advertized for sale shall be paid for within fifteen clear days from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each certificate or order.

10th.—No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when

payment in full has been made by the said purchaser or his order.

11*th*.—The Officer superintending the sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12*th*.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the sale shall be competent at any time during the sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 800 specified in the second of these Conditions.

13*th*.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same Conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14*th*.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15*th*.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16*th*.—The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1865-66, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17*th*.—Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but, in accordance with established usage, under no circumstances will the Board entertain or

recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the sale and delivery of the Opium for shipment.

18*th*.—It is hereby further notified that, under the 6*th* Article of the Convention between Great Britain and France, dated the 7*th* March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1867, there shall be delivered to them at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification.

* Behar	... 24,000
Benares	... 24,000
	48,000

If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000* Chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6*th*.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sale of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*.

LEGISLATIVE.

The 3rd December 1866.

The following Bill and Statement of Objects and Reasons accompanying it are published for general information, by order of His Excellency the Governor General, under the 19th of the Rules for the Conduct of Business at Meetings of the Council of the Governor General of India for the purpose of making Laws and Regulations:—

Bill to amend the Law relating to the custody of prisoners within the local limits of the original jurisdiction of Her Majesty's High Courts of Judicature at Fort William in Bengal, Madras, and Bombay.

WHEREAS it is expedient that, within the local limits of the original jurisdiction of Her Majesty's High Courts of Judicature at Fort William in Bengal, Madras, and Bombay, persons should, for the purpose of being received and detained in prison, be committed to the custody of an Officer appointed by the Local Government, instead of to the custody of the Sheriff of Calcutta, Madras, or Bombay, as the case may be; It is enacted as follows:—

Interpretation of terms.

I. In this Act:—

"High Court" denotes Her Majesty's High Court of Judicature at Fort William in Bengal, Madras, or Bombay, as the case may be.

"Sheriff" denotes the Sheriff of Calcutta, Madras, or Bombay, as the case may be.

"Magistrate" includes a Magistrate of Police appointed under Act No. XIII of 1856 (for re-

lating the Police of the Towns of Calcutta, Madras, Bombay, and the several Stations of the Settlement of Prince of Wales Island, Singapore, and Ceylon).

II. The eighth Section of Act No. XXIV of 1855 (to substitute Penal Enactments repealed. Servitude for the punishment of Transportation in respect of European and American Convicts, and to amend the law relating to the removal of such Convicts), the forty-seventh, forty-eighth, forty-ninth, fiftieth, fifty-first, and fifty-second Sections of Act No. XVIII of 1862 (to repeal Act No. XVI of 1852 in those parts of British India in which the Indian Penal Code is in force, and to re-enact some of the provisions thereof, with amendments, and further to improve the administration of Criminal Justice in Her Majesty's Supreme Courts of Judicature), Act No. XXV of 1863 (to empower Judges of the High Court and other authorities at Fort William in Bengal, to direct convicts to be imprisoned either in the House of Correction or the Great Jail of Calcutta, and to authorize the transfer of prisoners in certain cases from the House of Correction to the Great Jail and from the Great Jail to the House of Correction), and Act No. XII of 1865 (to amend the law relating to the custody of prisoners within the local limits of the original jurisdiction of Her Majesty's High Court of Judicature at Fort William in Bengal) are hereby repealed.

III. No person shall be committed to the Sheriff to be received and detained in prison; and no writ shall be awarded to the Sheriff commanding him to arrest and seize the body of any offender.

IV. It shall be lawful for the Local Government to appoint an Officer who shall be called in Calcutta the Superintendent of the Presidency Jail, and in Madras and Bombay the Superintendent of Jails for the Town of Madras or Bombay, as the case may be, and who shall have authority to receive and keep prisoners committed to his custody under the provisions of this Act.

V. Whenever any person shall be sentenced by the High Court in the exercise of its original Criminal jurisdiction to imprisonment or to death, the Court shall cause such person

Persons sentenced by High Court to imprisonment or death to be delivered to the Superintendent.

to be delivered to the said Superintendent, together with the warrant of the said Court, and such warrant shall be executed by such Superintendent and returned by him to the High Court when executed.

VI. Whenever any person shall be sentenced by the High Court in the exercise of its original Criminal jurisdiction to transportation or penal servitude, the Court shall cause such person to be delivered for intermediate custody to the said Superintendent, and the imprisonment of such person shall have effect from such delivery.

VII. Whenever any person shall be sentenced by a Magistrate of Police for the Town of Calcutta, Madras, or Bombay, to imprisonment, either absolutely or for default of payment of any fine imposed by any such Magistrate, or shall be committed to prison for failure to find security to keep the peace and to be of good behaviour, the Magistrate shall cause such person to be delivered to the said Superintendent together with a warrant of the Court.

VIII. The said Superintendent shall detain the person so delivered to him according to the exigency of such warrant and shall return the warrant when executed to the Court whence it issued.

IX. Persons committed by a Justice of the Peace or Magistrate for trial by the High Court in the exercise of its original Criminal jurisdiction, shall be delivered to the said Superintendent together with a warrant of commitment, directing him to have the bodies of such persons before the Court for trial at the Sessions of the Court next ensuing after the date of such commitment.

X. Every person arrested in pursuance of a warrant or order of the High Court in the exercise of its original Civil jurisdiction, or in pursuance of a warrant of any Court established in Calcutta, Madras, or Bombay under Act No IX. of 1850 (*for the more easy recovery of small debts and demands in Calcutta, Madras, and Bombay*), shall be brought before the Court by which the warrant or order was issued or made, and shall then, subject to the procedure which may from time to time be in force in such Court, be delivered by the proper Officer of the Court executing such warrant, together with a copy of such warrant, to the said Superintendent; and the Officer executing such warrant shall thenceforward be absolved from responsibility for the custody of the persons so delivered.

XI. The said Superintendent shall detain the person delivered to him by the Officer of the Court in manner aforesaid, according to the exigency of the warrant, and return the same to the said Officer of the Court as soon as the terms of the said warrant shall have been complied with.

XII. All persons confined in the Great Jail of Calcutta, or in any of the Towns of Madras or Bombay under process or sentence of any of Her Majesty's late Supreme Courts of Judicature, or of the High Courts, or of any Magistrate, shall be considered to be and shall remain in the custody of the said Superintendent according to the terms of the warrants under which they shall have been respectively committed to custody.

XIII. Any warrant of commitment under Regulation III of 1818 of the Bengal Code (*for the confinement of State Prisoners*), Regulation II of 1819 of the Madras Code (*for the confinement of State Prisoners*), and Regulation XXV of 1827 of the Bombay Code (*for the confinement of State Prisoners and for the attachment of the lands of chieftains and others, for reasons of State*) may be directed to the said Superintendent in the same manner as the same might have been directed to the Sheriff under Act No. XXXIV of 1858 (*for the better custody of State Prisoners*) and Act No. III of 1858 (*to amend the law relating to arrest and detention of State Prisoners*).

XIV. The provisions contained in the Statute 11 Vic., cap. 21 (*to consolidate and amend the laws relating to Insolvent Debtors in India*), relating to persons in prison or liable to be arrested or detained in or remanded or re-committed to, or entitled to be discharged from prison within the limits of the Towns of Calcutta, Madras and Bombay respectively, shall apply to all persons in the custody of the said Superintendent, liable to be delivered to or entitled to be discharged from his custody.

XV. Section 25 of Act No. XLVIII of 1856 (*to amend Act No. XIII of 1856, for regulating the Police of the Towns of Calcutta, Madras, and Bombay and the several Stations of the Settlement of Prince of Wales' Island, Singapore, and Malacca*), shall be construed in Calcutta as if the words "Superintendent of the Presidency Jail" and in Madras and Bombay as if the words "Superintendent of Jails for the Town of Madras" or "Bombay," as the case may be, were substituted for the words "Keeper or Governor of the Jail or House of Correction."

XVI. This Act shall come into operation in Calcutta at once, and in Madras and Bombay respectively from such date as the Local Government shall notify in the *Gazette*, and it may be called "The Presidency Jails' Act, 1867."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the law relating to the custody of prisoners within the local limits of the original jurisdiction of the

Presidency Town High Courts. It is a transcript of Act No. XII of 1865, with the alterations and additions necessary to render the measure applicable not only to Calcutta, but to Madras and Bombay; and the reasons for passing that Act may be referred to as justifying the present Bill.

The fact that, both in Bombay and Madras there are two Presidency Jails, has given rise to a doubt whether an extension of Act No. XII of 1865, which only contemplates a single Jail, by a notification under Section 16 of that Act, would meet the need of the case. The present Bill has been framed so as to preclude the doubt referred to.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 22nd December 1866, and was referred to a Select Committee who are to report thereon after the 26th of January next:—

A Bill to provide from the Municipal Fund of the Town of Calcutta the expense of the Municipal Police of that Town, and to enable the Corporation of the Justices of the Peace for the Town of Calcutta to apply a portion of the said Fund to certain purposes.

WHEREAS it is expedient that the Corporation of the Justices of the Peace for the Town of Calcutta should

Preamble.
have larger discretionary powers as to the disposal of the Municipal Fund of the Town of Calcutta than they now possess, and that the expense of maintaining the Police Force of Calcutta should be defrayed out of the said Municipal Fund; It is enacted as follows:—

I. From and after the passing of this Act it shall be lawful for the Justices, after making provision for payment of all sums for the then current year payable out of the Municipal Fund of the said Town under Act VI of 1863 passed by the Lieutenant-Governor of Bengal in Council, or under the following Sections of this Act, at a Special General Meeting, to apply out of the said Municipal Fund, such sum as to them shall seem proper in, or towards the institution, maintenance, or support of any charitable institution within the Town, or for effecting any charitable purpose within the Town, or otherwise for the public benefit of the inhabitants of the Town.

Power to grant sums for charitable purposes.

II. It shall be lawful for the Justices, at a Special General Meeting, to assign and appropriate to, in, or towards, the continued maintenance of any such charitable institution or purpose, or otherwise for the public benefit of the inhabitants of the Town as aforesaid, or for the payment of the salary of an additional Police Magistrate of the Town, and of the necessary expenses of the Office of such Magistrate, such annual sum to be charged upon and payable out of the Municipal Fund of the said Town during such term as the Justices shall, at such Special General Meeting, determine. Provided always that no such annual sum shall be payable out of the said Fund until after provision shall have been made for payment of all sums payable thereout under the said Act VI of 1863, or for the maintenance of the Police Force of the Town of Calcutta.

Power to grant annual sums for charitable purposes, &c.

III. From and after the first day of April 1867, the expense of maintaining the Police Force of the Town and Port of Calcutta shall be charged upon, and payable out of, the said Municipal Fund.

IV. An annual Police rate not exceeding per centum of their annual value may be imposed by the Justices upon all houses, buildings, and lands in the Town, in addition to any rates payable under the said Act VI of 1863. Provided that it shall be at the option of the Justices, in lieu of such rate, to levy upon any lands appropriated to any building or premises, or upon native huts with their appurtenances, a fixed annual rate not exceeding Rupees for every cottah occupied by them respectively.

V. Any rate imposed under this Act shall be assessed, levied, and payable in like manner as the rate for the imposition of which authority is given to the Justices by Section LV of the said Act VI of 1863.

VI. This Act shall be construed with, and as part of, the said Act VI of 1863.

Construction.

STATEMENT OF OBJECTS AND REASONS.

THE objects of this Bill are two fold: *first*, to enable the Justices of the Peace for the Town of Calcutta to devote a portion of their Municipal Funds to the support of any charitable institution within that Town or to the payment of a Police Magistrate; and, *secondly*, to provide for the payment, by the Municipality, of the cost of the Police Force maintained within the Town and Port.

The necessity for providing Funds for the support of the Pauper Hospital in Calcutta has been represented by the Commissioner of Police, who has had very considerable difficulty of late in keeping it up, notwithstanding the liberal assistance he has received from the Famine Relief Fund, and the application of surplus Police Funds which happened to be available. No doubt the demands recently made have been very unusual, but experience has shewn that some such provision, as is now proposed, is necessary for meeting the wants of the largely increasing population of Calcutta. The application of surplus Municipal

Funds to such purposes is, moreover, generally vested in Municipal Corporate bodies.

The Government having declined to bear the cost of the Police Force in Calcutta, it becomes necessary to provide the Municipality with the means of levying the money required by a rate similar to that now levied for conservancy purposes.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 22nd December 1866, and was referred to a Select Committee who are to report thereon after the 26th of January next:—

A Bill to amend the law relating to Ships lying in Ports in the Provinces under the control of the Lieutenant-Governor of Bengal.

WHEREAS it is expedient to amend the law relating to Merchant Ships lying in Ports in the Provinces under the control of the Lieutenant-Governor of Bengal; It is enacted as follows:—

I. The following words for the purposes of this Act have the meanings hereby assigned to them, unless where a contrary intention appears from the context, that is to say:—

The word "Master" denotes any person, except a Pilot or Harbour Master, having temporary or permanent command or charge of any vessel.

The word "Owner" includes any consignee of goods and agent to whom a vessel is consigned.

The word "Port" denotes any Port, navigable river, or channel within the Provinces aforesaid subject to the provisions of Act XXII of 1855 (for the regulation of Ports and Port-dues).

The word "Magistrate" includes any Officer exercising any of the powers of a Magistrate under the Code of Criminal Procedure, and any Magistrate of Police for the Town of Calcutta.

Words importing the singular number include the plural, and words importing the plural number include the singular.

II. If any Ship shall lie or be in any Port within the Province under the control of the Lieutenant-Governor of Bengal without having on board thereof a crew of not less than the number set forth

in the first Schedule hereto, the Master of such Ship, and in case there shall be no Master of such Ship, then the owner thereof, shall be punished with a fine not exceeding five hundred Rupees.

III. Whenever fire shall take place on board of any Ship lying or being in any such Port, the Master of such Ship shall cause the force pump of such Ship to be used for the purpose of extinguishing such fire, under a penalty of one hundred Rupees.

IV. The expense of maintaining a Police Force in any Port which may be within, or abutting upon any Town having Municipal institutions, shall be borne by, and paid out of, the Municipal fund of such Town.

V. It shall be lawful for the Lieutenant-Governor of Bengal to assign to the persons charged with the management of such Municipal fund, such annual sums to be charged upon, and payable out of, the Port fund of such Port as to him shall seem proper for, or towards re-imbursing to such Municipal fund the expense incurred in maintaining a Police Force in such Port.

VI. In case the Port fund of any such Port shall, after providing for the payment of all sums and charges now by law payable out of such Port fund, be insufficient to pay any annual sum which shall be so charged upon it as aforesaid, it shall be lawful for the Lieutenant-Governor of Bengal to order that there shall be paid, in addition to all order Port-dues and charges payable in respect of any Ship from time to time lying or being in such Port, such Port-dues as to him shall seem proper, not exceeding the Port-dues mentioned in the second Schedule to this Act annexed.

VII. All complaints as to offences against this Act shall be heard and determined by a Magistrate within whose local jurisdiction the offence may be alleged to have been committed: and the provisions for the recovery of fines contained in Section LXI of Act XXV of 1861 (the Code of Criminal Procedure) shall apply to all fines and penalties imposed under this Act by any Magistrate in any Port other than the Port of Calcutta; and the provisions of Act IV of 1866 passed by the Lieutenant-Governor of Bengal in Council, or any other Act for regulating the Police of the Town of Calcutta in force for the time being, shall apply to all fines and penalties imposed under this Act by any Magistrate of Police for the Town of Calcutta.

VIII. All penalties levied under this Act shall be disposed of in such manner as the Lieutenant-Governor of Bengal from time to time shall direct.

FIRST SCHEDULE.—(referred to in Section II.)

	If Natives.	If Europeans.	in Officers charge.
Ships in Moorings of 600 tons and under	6	4	1
For every additional 100 tons ...	1½	1
Ships in Stream of 600 tons and under	11	7½	1
For every additional 100 tons ..	2	1

SECOND SCHEDULE.—(referred to in Section VI.)

For any period not exceeding eight days during which any Ship shall remain in any Port annas per ton.

For every completed period of fourteen days during which any Ship shall remain in any such Port after the first eight days annas per ton.

STATEMENT OF OBJECTS AND REASONS.

That a certain portion of the crew should be bound to remain on board of every vessel lying in Port to guard against any accident which may endanger not only the safety of a particular vessel but of shipping generally, is obvious; and as under the existing law of Bengal there are no means of enforcing the presence of a sufficient number of crew on boardship, it is intended by this Bill to make the Master, or, if there be no Master, the owner of every vessel liable in case there be not a sufficient crew.

The Bill further proposes to empower the Lieutenant-Governor to order the payment out of the Port-dues levied under Act XXII of 1855 of such sums as may be necessary for the maintenance of the Police employed in the Port; or if this sum be more than the amount levied, then to impose an additional Port-due to make up the deficiency.

The Port Police will thus be placed on the same footing as Town Police, which are supported out of a tax levied on those whose property they protect.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—**PARA. 1.** Having had under my consideration in Council your Excellency's Despatch No. 258, I addressed to you, on the 5th instant, the following telegraphic message:—

"Your Letter of the 21st September, No. 258, received.

"Permission, under recent Despatch, to enter Staff Corps was given only to Officers of Indian Army. Officers of Line Regiments have ceased to be Officers of the Indian Army, therefore they are not to be admitted to Staff Corps, but bonus compensation should be given them under the terms of the Despatch.

"More by letter."

2. With regard to the first inquiry, the measures proposed had reference to the Officers of the Indian Army, and to no others, and were therefore not intended to apply to Officers of Artillery and Engineers, or those of the new Line Regiments, whose connexion with that service had ceased.

3. With regard to your second inquiry, it was stated, in paragraph 11 of Despatch No. 160, that a committee will be formed at each Presidency for the purpose of investigating and reporting upon claims of this nature, on the part of Officers borne on the strength of the Indian Army on the 18th February 1861.

4. The terms of that order clearly embrace not only Officers who joined the new Line Regiments from the Indian Army subsequent to the 18th February 1861, but also the whole of the Officers of the Artillery and Engineers, late of the Indian Army, and they were intended to do so.

The goods and merchandize saved from the wreck shall be exempt from all duties of Customs, unless cleared for consumption, in which case they shall pay the same rate of duty as if they had been imported in a national vessel.

Lighthouse of the Port of Prince Alfonso in the Bay of Calandoray.

The following information is published in amplification of the Notice No. 23 of 26th April 1865:—

At the southern point of the Port of Prince Alfonso in 8° 1' 0" N. latitude, and 123° 13' 30" E. longitude, on the Hill called Admiral Gil, there is a square white Tower with a red base, which is situated to the East of a white house with a red roof, which serves as a dwelling for the keepers. The said Tower carries an hexagonal lantern with a helmet-shaped top, painted red as well as the lantern. This

contains a catadioptrical apparatus of the Fifth Order 81m. 732 above the level of the Sea: there burns a white fixed light, which, in the ordinary state of the atmosphere, reaches to a distance of ten miles.

The said light bears S. 56° W. from the midway of the Channel formed by the Islands of Candaruman and Nasoobata; N. 22° W. from the midway of the Channel formed by the Islands Nasoobata and Cameron; N. 59° W. from the midway of the Channel formed by the Islands Cameron and Loomboean; and N. 33° W. from the midway of the Channel formed by the Island Loomboean, and the S. E. Coast of Balabac.

The arc of illumination comprises an extent of 140° from the Strait or Channel North of Balabac to the farthest visible point of the Southern Coast of this Island, and passes at 4 miles S. E. of Nasoobata, at 1 mile E. of Cameron, and at 3 miles N. W. of Loomboean.

Vessels coming from W. by the Channel North of the Island, called the Good Channel, on coming out of it will descrie the lighthouse to the S. 30° W. at a distance of 7 miles. Those which come from the N. E. will cut the arc of illumination in so far as they have the Island of Bijan bearing North, that of Candaruman West, and that of Nasoobata S. 40° W., this last at 5 miles distance.

To those which stand in by the E. (which is not prudent on account of the break which there is between Nasoobata and Cameron) on entering the arc of illumination, Nasoobata ought to bear N. 60° W. and Cameron S. 25° W., this last at a distance of 4 miles.

Those which come by S. E. guided by buoys on the N. part of the Island Loomboean will enter the arc of illumination as they have the Island of Cameron bearing N. 22° E., and that of Loomboean S. 20° E., both at the distance of 3 miles.

Those who stand in by the S. will find themselves within the illuminated sector when they are 5 miles W. of Loomboean, and go coasting along the Island of Balabac at a distance of 2 to 3 miles.

The bearings are correct.

Western Coast of the Island of Luzon.

Masingloe Shoal.

It appears from a Despatch sent by the Commander of the corvette *Narvaez*, to the Commander-in-Chief of the Station at the Philippines, dated 8th September 1865, that having left Manilla on the 5th of the same month for the Masingloe or Scarborough Shoal, for the purpose of saving the English bark *Eliza Bosche*, which was said to be aground thereon, he came in sight of the Shoal at 9 in the morning of the 7th, and approached it within a short distance, although the said bark did not appear. He was thus enabled to note a summit or head of rock about 2 metres high, against which the sea broke from the S. W., and to distinguish on the N. E. point of the Shoal other smaller ones, also of rock or coral, from two to three feet out of water.

At mid-day the chart was pricked at 15° 11' N. latitude, and 123° 54' 4" longitude E. of San Fernando (117° 41' 48" E. of Greenwich) by the meridian altitude and the chronometers, and the shoal bearing to the W. at 3 miles distance, from which it is to be inferred that its eastern part or edge is in the English charts 14 miles further E. than the position given by the chronometers regulated at Manilla before and after the expedition.

It is known from the same Despatch that the mate and some of the crew of the lost bark went on board the *Narvaez*, and that the charts referred to are English; but as the author of them is not mentioned, it is not possible to say whether they are from the Admiralty, or by some private person.

With respect to the charts of this Department, the difference which appears in the situation of the Shoal is almost identical, and to express it with greater clearness the great rock comes near about 123° 51' E. longitude, according to the abovementioned chronometrical observations.

Reef of the Niña.

Lieutenant D. Coriaco Pateroy Martinez, Commander of the hooker *Niña*, has sent a Despatch, dated 4th January 1866, to the Commander-in-Chief of the Philippines, from which the following is an extract:—

"On the 28th September 1865, at 7-40 in the morning, when sailing E. S. E. with a fresh wind from S. $\frac{1}{2}$ S. W. and sea tending from S. W., breakers were descried ahead on the larboard tack, for which reason I gave orders, after observing them well, to bear away to avoid them, and made course to N. E. $\frac{1}{2}$ E. At 8 hours 30 minutes circumstances being favorable for the determination of the hourly, various altitudes of the sun were taken with confidence. At that time the said breakers bore N. 60° E. and at an estimated distance of 7 miles, they could be quite clearly distinguished from the cross of the main-yard, and appeared to be caused by a reef of rock about 2 miles in extent from N. to S., which is not marked on the charts."

"At 9 hours 45 minutes the said danger was out of sight, and I went on my track hauling on the starboard tack; but at mid-day, with the altitudes of the sun, observed at 8 hours 30 minutes in the morning, and the meridional which was also to be depended on, I placed it in 35° 41' 0" S. latitude, and 45° 42' 37" E. longitude."

As the *Niña* did not take soundings, nor does it appear that she observed the breakers at a short distance, and on the other hand the charts show different shoals, doubtful, or of uncertain position, in those places, this Department confines itself for the present to warning Mariners to be on the alert when they cruise in the waters of the locality which the Commander of the hooker assigns to the supposed reef.

No. 330.

The 15th December 1866.

Notification.—The following Rules, having reference to the Kendrapara Canal and the First Section of the "High Level Canal" from Cuttack to Oolobbariah, have been passed this day by the Lieutenant-Governor of Bengal under the provisions of Sections XI. and XII. of the "Canals" Act, 1864," (No. V., B. L. C.):—

I. Every vessel on entering either of the above Canals shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay, according to the schedule of rates authorized by Government to be charged on the Canal.

II. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals" Act, 1864," and of these Rules, be determined by the following measurements:—

(a.) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(b.) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c.) In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds, as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III. Every vessel entering either of the above Canals shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the Canal, the point to which it may proceed in the Canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the Canal, and the date of such last day. The number of days which the vessel may remain in the Canal without additional payment, shall be calculated at the rate of one day for every 8 miles, for portion of 8 miles, to be traversed.

IV. Toll may be paid at the first station either for the entire number of Toll Stations on the line of navigation, or for any less number of stations.

V. The tickets thus given may be demanded for inspection by any duly authorized Canal Officer, and must be kept on board and at hand

for that purpose. They must be shewn at each Toll Station the vessel has to pass, as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last Toll Station.

VI. Owners of vessels may compound by the payment of a fixed sum, for the use of the whole or a portion of either of the above Canals for any period that may be agreed upon, not exceeding one year. Each vessel so compounded for shall be furnished with a ticket shewing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the Canal within which the vessel may pass; such ticket shall be kept on board the vessel and shall be produced when required under Rule V., but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII. Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by Officers in charge of Toll Stations on payment of a fee of one Rupee.

VIII. Vessels remaining in the Canals for a period exceeding that allowed under Rule III. will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

IX. No boats above 18 feet beam over all, and no rafts or floats of more than 10 feet width and 250 in length, will be allowed to enter the Canals.

X. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats; but the locks shall be opened for the passage of boats at least twice a day.

XI. Vessels must have their masts fitted so that they can be let down with ease and speed, and when under sail, vessels must always keep in the middle of the Canal; when being tracked, vessels are, as far as practicable, to keep to their port or left side of the Canals.

XII. All vessels anchoring at night are to keep to their port or left bank of the Canals.

XIII. Only one vessel shall be allowed to make fast along and in a line with the Canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a Canal Officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation; and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XIV. Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XV. In every case of wreck or obstruction of the channel by sunken vessels, the Canal Officers may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should

he decline or fail to use proper assistance which may be offered to him by the Canal Officers, these Officers may undertake the removal of the obstruction themselves at the cost of the owner of the boat, recovering the expense in the manner laid down in Section IX. of the "Canals' Act, 1864."

XVI. If the Canal Officers be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals' Act, he shall notify the seizure in the most public manner available.

XVII. In the event of any damage or injury being occasioned to the Canal works by wilfulness or negligence on the part of any person in charge of a vessel, the Canal Officers may detain the vessel within the Canal for a period not exceeding 24 hours, provided that within that period the Canal Officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section XVI. of the Canals' Act.

XVIII. The banks or berms of the Canals shall not be used as wharves for the deposit of goods, under a penalty of 10 Rupees for each offence; but except in special cases, when the permission of the Canal Officers will be necessary, all articles shall be removed to the outer banks of the Canals, and all such articles as shall not be finally removed from within the boundaries of the Canals within a period of six days after being so deposited, shall be liable to a charge of four annas per 100 maunds.

XIX. The Canals may be closed once a year, for effecting the necessary repairs to them, on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX. All offences against the provisions of these Rules shall be punishable as provided for in Section XVIII. of the "Canals' Act, 1864," and all fines imposed may be recovered in the manner mentioned in Section XVII. of the same Act.

XXI. The term "Canal Officers" in the foregoing Rules shall include the persons alluded to in Section VIII. of the "Canals' Act, 1864," and any other persons who may be specially appointed to exercise such powers by the person appointed to collect the tolls.

of Behar and of Benares Opium of the two seasons 1864-65 and 1865-66 in the proportions marginally noted.

The Opium forming the Reserve of 1864-65 will be first put up for sale, and afterwards the provision of 1865-66, that is to say, of Behar Opium the sale of January will consist of 761 Chests of 1864-65, and 1,239 Chests of 1865-66, and of Benares Opium the sales of January, February, and March will each consist of 2,000 Chests of 1864-65, and the sale of April will consist of 1,018 Chests of 1864-65 and 982 Chests of 1865-66. The remaining provision of 1865-66 will be disposed of in like quantities at the subsequent sales. Thus there will be put up at each sale 2,000 Chests of Behar and 2,000 Chests of Benares.

The sales will be held on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

1st.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2nd.—The Opium will be ordinarily offered for sale at an upset price of Rupees 800 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale.

3rd.—The sale shall commence at the hour of 11 A. M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P. 4th.—Each lot shall contain five Chests.

5th.—A Promissory Note for a sum calculated

	Deposit.	according to the scale noted in the margin shall be taken as a deposit on each lot from the purchaser in the

And so on, Rs. 100 being added to the deposit for every additional Rs. 400 bid.		

Sale room, and the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipt, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of sale under the last-mentioned Condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7th.—No tender of money, Bank of Bengal receipts, or Public Securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8th.—The Opium now advertised for sale shall be paid for within fifteen clear days from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each certificate or order.

10th.—No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when

payment in full has been made by the said purchaser or his order.

11th.—The Officer superintending the sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12th.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the sale shall be competent at any time during the sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 800 specified in the second of these Conditions.

13th.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same Conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15th.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16th.—The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1865-66, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17th.—Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but, in accordance with established usage, under no circumstances will the Board entertain or

recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the sale and delivery of the Opium for shipment.

18th.—It is hereby further notified that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1867, there shall be delivered to them at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification.

Behar	... 24,000
Benares	... 24,000
	<hr/> 48,000

If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000* Chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sale of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*.

By Order of the Board of Revenue,

R. L. Maxwala,

Offg. Junior Secretary.
